What a wonderful and successful event. The student performances were an entertaining lead into the fete itself. A huge vote of thanks to all of the volunteer helpers who gave up most of their weekend; to the students for their effort and behaviour; and, to the staff for their varied contributions! To the community who came and supported the Spring Fair thank you on behalf of Tully State School.

Below are some photos of the student’s performances.

Swimming
Swimming classes have begun. These are part of the curriculum offered by the school. All students are expected to participate. Could I ask you to support your child by ensuring that they have:
- returned their permission note
- their swimming gear
- paid

If there are health issues that will prevent your child from participating please provide a note to your child’s teacher.

Thanks again for your support with this.
