PERMISSION TO WALK TO ST. CLARE'S

Our School and St. Clare's School, (whose premises are situated adjacent to our school) have an arrangement whereby students from both schools, share facilities.

From time to time, our students are required to walk to St. Clare's School for sporting or other learning activities (eg. Netball carnivals, Arts Council Performances). They are not required to cross any roadway or street in the process.

Please indicate below if you are happy for your child to leave our school for the purpose of participating in any such activities at St. Clare's School.

I give permission for my child/children to walk next door to St. Clare's School to participate in any relevant sporting or cultural/learning activity.
